CAREER OBJECTIVE

Self-motivated Web Developer with 2+ years of professional experience in full-stack web development. Skilled in PHP frameworks (Laravel, CodeIgniter), CMS platforms (WordPress, Shopify), and server infrastructure management including cPanel, VPS/Linux, domain DNS configuration, and client-facing deployments. Eager to join a progressive IT team where I can contribute to innovative projects, grow continuously, and take on new technical challenges.

WORK EXPERIENCE

Web Developer Nakoa Technologies

Dec 2023 – Present
Coimbatore, Tamil Nadu

- ▶ Developed and maintained dynamic websites using PHP frameworks — Laravel and CodeIgniter.
- ▶ Built and customized WordPress and Shopify websites tailored to client requirements, with a focus on responsiveness and SEO best practices.
- ▶ Managed server infrastructure including cPanel, VPS Linux servers — handling file uploads, user permissions, and environment configuration.
- ▶ Configured and managed domain DNS settings, SSL certificates, and hosting environments for multiple client websites.
- ▶ Gathered and translated client requirements into functional web solutions, managing communication throughout the project lifecycle.
- ▶ Designed and deployed static websites using clean, efficient HTML/CSS/JavaScript code.
- ▶ Guided junior developers and interns on Git workflows, coding standards, and deployment best practices.
- ▶ Collaborated with cross-functional teams to troubleshoot issues across development and production environments.

TECHNICAL SKILLS

Frontend	HTML5, CSS3, JavaScript, Responsive Design
Backend	PHP, Laravel, CodeIgniter
CMS / E-commerce	WordPress (Theme Development), Shopify (Theme Customization)
Server & Hosting	cPanel, VPS Linux (Ubuntu/CentOS), SSH, File Management, SSL
Domain & DNS	Domain Configuration, DNS Records (A, CNAME, MX, TXT), Propagation Management
Networking	DNS, Server Setup, Hosting Environment Configuration
Version Control	Git, GitHub
Testing & Others	Unit Testing, SEO Best Practices, Cross-browser Compatibility

KEY PROJECTS

Event Booking Platform

- ▶ Built a full-featured event booking website with a custom admin panel for managing events and registrations.
- ▶ Implemented user authentication, role-based access, form validation, and dynamic content rendering using PHP/Laravel.

WhatsApp Marketing Platform

- ▶ Developed a scalable WhatsApp marketing system for bulk messaging, campaign management, and customer engagement.
- ▶ Implemented features like contact segmentation, message scheduling, template management, delivery tracking, and analytics using PHP/Laravel with API integrations.

Customer Relationship Management(CRM) System

- ▶ Built a comprehensive CRM platform to manage leads, contacts, deals, and customer interactions through an intuitive dashboard.
- ▶ Implemented role-based access, pipeline tracking, task management, reporting, and real-time updates using PHP/Laravel for efficient business workflow automation.

WordPress Theme Development & Shopify Customization

- ▶ Designed and developed a custom WordPress theme from scratch; also adapted premium online templates for client branding.
- ▶ Customized Shopify themes and added JavaScript enhancements for improved product filtering and user experience.

Multi-Site Server Deployment & DNS Management

- ▶ Handled complete server setup on cPanel and VPS Linux for multiple client websites — file deployment, domain linking, and DNS record configuration.
- ▶ Created and maintained clean, responsive static websites with cross-browser compatibility.

EDUCATION

B.Tech — Information Technology

Hindusthan Institute of Technology

2018 – 2022 | Coimbatore, Tamil Nadu

CERTIFICATIONS

- ▶ EF SET English Certificate
- ▶ Full Stack Web Development
- ▶ Web Development — Don Bosco Institute

LEADERSHIP & INITIATIVES

- ▶ Demonstrated ownership of key development modules — coordinating with clients and internal teams to ensure on-time project delivery.
- ▶ Mentored and guided interns on Git version control workflows, coding standards, and production deployment practices.
- ▶ Proactively learned and adopted new tools and technologies to meet evolving client demands and improve team efficiency.
